The Lucida Surfaces® Limited 25-Year Residential Warranty and Limited 10-Year Light Commercial Warranty are made subject to the following conditions:

The planks must be installed properly in accordance with Lucida Surfaces® installation instructions. The instructions should be obtained through a retailer or at [www.LiveOnLucida.com](http://www.LiveOnLucida.com). Proper installation includes, but is not limited to, the following:

A moisture test must be performed to determine if excessive moisture exists in the subfloor. When installing over concrete, a calcium chloride moisture test must be performed. Readings greater than 5 lbs/1,000 sq. ft./24 hours are unacceptable for installation. If a moisture meter is used, a reading greater than 4.5% is unacceptable.

A polyethylene film vapor barrier must not be used over wood subfloors. Moisture readings of wood subfloors must not exceed 14% throughout the entire installation.

Foam underlayment must meet or exceed 2.0 lb polyethylene foam (1.9-2 lb density), CFC Free, 1.8mm to 2.1mm thickness.

When installing Lucida Surfaces® in special situation areas such as terrazzo, pier and beam or radiant heating and to also learn how to properly acclimate your floor, please contact our consumer help line at USA - 1.845.877.7008 or Canada - 1.514.587.9926 or visit [www.LiveOnLucida.com](http://www.LiveOnLucida.com) to obtain important additional information.

The flooring must be used indoors only in a dry, climate-controlled area.

The flooring must be maintained in accordance with Lucida Surfaces® care and maintenance instructions.

Damage must not have occurred as a result of improper or inadequate maintenance or accidents, such as damage caused by scratching, impact or cutting. Damage resulting from the use of a jet mop, spray mop, or similar wet mop with the flooring is not covered by this limited warranty.

Surface wear must be readily visible (i.e. approximately 1 square inch). Gloss or sheen reduction is not surface wear and is not covered by these limited warranties.

These limited warranties do not apply to water damage, including but not limited to water damage caused by flooding, standing water (water that remains on planks longer than 30 minutes), leaking pipes, mechanical failures, appliance leaks or pet urine.

These limited warranties do not apply to damage caused by water or moisture in the subfloor or underneath the flooring, including but not limited to damage from subfloor hydrostatic pressure (water or moisture under the planks that is transmitted to the surface through exerted pressure) or other conditions that result in water or moisture being below the floor.

In order to retain the MaxCore® 100% water resistant feature, cut planks must be resealed with silicone sealant.

These limited warranties do not apply to flooring installed on a concrete subfloor unless a non-recycled (100% virgin resin) 6-mil polyethylene film vapor barrier with a density of 0.92 lbs/cubic foot and a thickness tolerance of +/- 10% is installed over the concrete subfloor that emits a water vapor no greater than 5 lbs. per 1,000 sq. ft. within 24 hrs.

These limited warranties do not apply to moldings.

Installation of flooring that contains any manufacturing defect is not covered by these limited warranties.
